# U.S. Ambassador Breaks Ground for a GIWA Bio-toilet Structure

United States Ambassador to India, Shri Richard Verma, laid the first bricks for a new girls' bio-toilet structure being built by Global Interfaith WASH Alliance (GIWA) and Divine Shakti Foundation (DSF), of Parmarth Niketan. The Honourable Ambassador, his wife, Ms. Pinky Verma, and children joined Pujya Swamiji, the Co-Chair/Co-Founder of the GIWA and President of Parmarth Niketan and Sadhvi Bhagawati Saraswatiji, Secretary General GIWA and President of the DSF, for this auspicious ceremony.

The structure will be used by nearly 2000 girls at the Government Girls' Intercollege. Currently, they face insufficient access to clean, private toilets, a problem commonly found in many of India's schools.

Pujya Swamiji said on the occasion: "We aren't just building toilets, we are creating Sanitation Ambassadors. The girls here will be among the first to attend classes offered by GIWA's new World Toilet College, so that they can become strong and powerful advocates for a Swachh Bharat."

Sadhvi Bhagawatiiji added, "Without private, clean and safe washroom facilities, girls are more likely to drop out of school and fall into the trap of poverty. It is so beautiful to have our U.S. Ambassador, who is truly a Green Ambassador, with us today to add his hand and his heart to these efforts."

Ambassador Verma told the audience, "...I am sure that this bio-toilet complex will serve as a basic and essential facility to ensure that you grow and thrive as leaders of tomorrow.' On behalf of President Obama, on behalf of myself and my family, we are your partners and your friends. We stand beside you and with you, and I look forward to coming back very soon."

The Hinduja Brothers, along with eighty members of their extended family, came to Parmarth Niketan, Rishikesh, for a special spiritual retreat during the month of December. Shri SP Hinduja celebrated his 80th birthday, Shri Gopichand Hinduja his 75th, Shri Prakash Hinduja, his 70th, and Shri Ashok Hinduja celebrated his 65th. # Plans Launched for the World Toilet College on World Toilet Day

Dettol Banega Swachh India (BSI), the World Toilet Organization, the Global Interfaith WASH Alliance and Peheh, the Initiative of Dainik Jagran, joined forces to celebrate United Nations World Toilet Day. The event was launched with a symbolic “Urgent Run for Toilets,” a global event to raise awareness via runs and marathons in locations worldwide.

This inaugural ceremony was blessed by Pujya Swamiji who was joined by Shri Bibek Debroy, noted economist and member of the Niti Ayog; Shri Ravi Bhatnagar, Manager External Affairs, RB; Shri Sanjay Gupta, Editor & CEO of Jagran Prakashan Limited; Shri SM Sharma, Chairman Jagran Peheh The Initiative; Mr. Jack Sim, Founder and President of the World Toilet Organization; Professor Kishore Munshi, IIT Mumbai; and Shri Radheshyam Gomla.

According to the United Nations, “The aim of World Toilet Day is to raise awareness about the people in the world who don’t have access to a toilet, despite the fact that it is a human right to have clean water and sanitation.” Worldwide, some 2.4 billion people—or close to one-third of the global population—don’t have access to improved sanitation, with an estimated 1 billion people forced to relieve themselves in the open. The problem leads to wide-spread disease and death, particularly in India, where the majority of the global problem exists. Said Global Interfaith WASH Alliance Co-Founder/Co-Chair, Pujya Swami Chidanand Saraswatiji, “From here on in, sanitation must become our meditation, for it is a medication that can save and protect the lives of countless children. Let us not rest, as our duty to God and Nation, until Hon’ble Shri Narendra Modiji’s great vision for a Swachh Bharat is realized in every home, on every street and in every city, village and town.”

Established by the Emami Group and led by the spiritual vision of joint chairmen Shri RS Agarwalji and Shri RS Goenkaji, the temple is located at Balgopalpur in the Balasore district. The temple was designed and built under the guidance of noted architect and sculptor Padma Vibhushan Raghunath Mohapatra and his group.

Pujya Swamiji said: "It is so beautiful to see the friendship, partnership and oneness of Shri RS Agarwalji and Shri RS Goenkaji. They have raised their families with such sanskaras, such values. I often say: you can give your kids cars, but what is truly priceless is their sanskaras. If they can

remain rooted in their values and nourished by their spiritual-cultural heritage, then they need no other gift; and simultaneously every other gift becomes infinitely more meaningful."

Plans for a school for at least 1000 tribal children were also announced after the inauguration. The initiative was lauded by all the revered saints. To be in service of humanity is the true worship of the divine.

Pujya Swamiji blessed the gathering by sharing, “Faith for ages has created a very deep, intrinsic understanding of values in our lives and our actions; however, tragically, over the recent years values have been side-lined in the race to fill our greed. Now, however, more and more global and local platforms are beginning to involve and include faith leaders and

faith-based organizations in their discussions. It is wonderful to see that you are all gathered here today discussing how the values of peace, love and harmony can come into our businesses, reinstating the great importance of shared values in our lives and our workplaces...”

Sadhvi Bhagawatiji, one of the main speakers during the summit, shared, “Doing well and doing good are not mutually exclusive. Through the concept of shared value they can, and should, easily co-exist. Shared value provides an expanded definition of success and changes our concept of supply and demand. We supply not to the demand of greed, but to the demand of need. When we look truly at what society needs and develop our business models based on that, we earn a lot more than profit – we become pillars in the development of a healthy society.” Dr. Amit Kapoor, Honorary Chairman, Shared Value Initiative India & the Institute for Competitiveness gave the welcome address. Other eminent speakers included Hon’ble Railway Minister Shri Suresh Prabhu, Shri Suresh Narayanan, Chairman & Managing Director, Nestle India; Mark R. # Enhancing Service Delivery to the Underserved

Participants and speakers included Ms. Isabel Guerrero, Adjunct Lecturer in Public Policy for the Harvard Kennedy School and former Vice President of the World Bank Southeast Asia; Dr. A Didar Singh, Secretary General FICCI; Shri Nirankar Saxena, Senior-Director of FICCI; and Mr. Michael Haney, Senior Advisor, World Bank Group; as well as Ms. Jyotsna Sitling, Senior Officer from Small Industries Development Bank of India.

All were especially commended by Pujya Swamiji and Sadhvi Bhagawatiji for their work to address the underserved. Pujya Swamiji inspired those in attendance saying, “The very fact that we are gathered here discussing, planning and committing to actions we will take to serve the undeserved is a great step forward and truly the need of the hour. This to me is the real worship- the real pooja. Global Interfaith WASH Alliance is with you in whatever capacity you may need to provide the much needed clean water, sanitation and hygiene services to those who need it the most.”

Sadhvi Bhagawatiji, Secretary-General of the Global Interfaith WASH Alliance, shared, “It is becoming more and more evident that we cannot talk about progress, economic growth and success in a vacuum. We cannot have any progress or development without including those who are impoverished and lacking access to basic facilities we take for granted, such as toilets and clean water filters. Just like if the left leg is injured the right leg picks up the weight without hesitation, without any discussion and without any expectation of a reward, in the same way when we see our brothers and sisters underserved we don’t need to be told to act to meet that need. Today, with the increasing population in dire need, the call to action is even greater and more urgent, so let us join hands and join hearts, pledging to work together.”

# Dog Camp and Animal Rescue Project

---

Pujya Swamiji reminds us that service of all living beings, not just human beings, is the service of God and humanity.

Driven by this teaching, the Rishikesh Animal Rescue Project is being carried out at Parmarth Niketan, from 8 December - 30 January, led by veterinarians from Russia. The effort is hosted and supported by the Divine Shakti Foundation (DSF) and coordinated by the Animal Liberty organization based in Siberia and includes involvement of volunteers from Parmarth and the local community.

Dr. Oleg Levechenko, Viktoria Chursina, surgeon, assistants Kate Polyokovo and Olga Ivanova, along with coordination by Ms. Sofie Oshochenko, served more than 200 animals. The Siberian vets from Russia provided “ABC” (Animal Birth Control) or “family planning”, spaying and neutering

the dogs in the Rishikesh area. They treated and operated on other dogs whose condition and need ranged from skin diseases, parasites, mange, worms, flea infestation, and cancer.

# Weekly Free Medical Camps

---

With the blessings and inspiration of Pujya Swamiji and under the auspices of the Divine Shakti Foundation (DSF) and Parmarth Niketan, a dedicated team venture to a different village every Sunday to serve those with very limited access to medical care. The team provides free quality health services. Some of the villages visited recently are Nail Gaon, Mala Kundi and Nayal.

Some of the villages are only accessible by foot, and often there are no proper rooms for patient exams, no electricity or toilets. When facilities are not available, medical camps are held under the shade of a tree or near the river bank. Even with these poor conditions, hundreds of people come to receive quality medical care. Every week, fulltime volunteers are joined by part-time volunteers and short-term pilgrims interested in giving back in these fulfilling medical camps.

Medical and hygiene supplies are always needed. If you would like to contribute to the free medical camps, please contact [volunteer@parmarth.com](mailto:volunteer@parmarth.com).
